

Message from the Chancellor

As I. K. Gujral Punjab Technical University steps into another Academic year 2018-19, with renewed anticipations and aspirations of quality technical education from its stake holders, I congratulate the University for moving persistently towards achievement of its mission. IKGPTU is playing a vital role in development of India in general and in state of Punjab in particular through its remarkable role in the field of technical education and skill development.

IKGPTU deems it necessary to foster the innate capability of every student by turning it into actuality. So, keeping the interest of students at the forefront, initiatives like development of industry relevant curricula for various programmes, expansion of modernized research infrastructure, Grievance redressal system, catering to technical and professional needs of the industry, industrial exposure during training and placement of students are praiseworthy.

I hope and wish that the students, faculty and staff of I. K. Gujral Punjab Technical University will be able to meet the challenges of human resource development of our country and will work hard to achieve landmarks in the field of technical education.

I am sure that the new students will have learning experience. Wishing you all a successful year ahead.

Sh. V. P. Singh Badnore

His Excellency, Governor of Punjab
